

A CLOSER LOOK:

Human Trafficking & the Bus Industry

*A webinar series equipping the bus industry to be
On The Lookout for human trafficking*

The more that members of the bus industry understand how human trafficking happens and how marginalized populations are most affected, the better equipped they will be to recognize trafficking and perhaps even play a preventative role.

Join Busing on the Lookout this August for a summer webinar series that will take a closer look at the issue of human trafficking with the goal of helping transit and school transportation professionals be the best advocates they can when it comes to preventing, identifying, and interrupting trafficking. Dive in deeper on the nuances of the issue and how it intersects with vulnerabilities such as homelessness, immigration status, LGBTQ+ identity, and involvement with the child welfare system - particularly as it relates to what professional bus drivers (commercial and school) may be seeing in their everyday jobs.

Webinars will be each Wednesday in August at 2 pm ET. Join us for one, all, or somewhere in-between! Click below for details and registration for each session.

August 4:

A Closer Look at LGBTQ+ Identity & Human Trafficking
with Chris Bates, Overcome Exploitation
